Temporary One Time Passwords

We have added 2FA - available to all.

Updated 4 Nov 2026

We value your security. You can set up TOTP Login 2FA by going to "Edit Profile" or "Settings" depending what device you are on. Follow the instructions, scan the QR using something like Google Authenticator and use the TOTP. This does NOT log out your existing login sessions. If you are worried someone has accessed your account press "Sign Out" on all active sessions on the "Edit Profile" or "Settings" page.

If you lose that device you can contact us to remove the TOTP.
